

Domed Outdoor Housing

DOH-1000

H/W Version: 3

LevelOne's DOH-1000 is an ideal solution to protect your LevelOne IP Camera from the most severe operational conditions. This domed housing is able to accommodate LevelOne FCS-1010, FCS-1040 and FCS-1060 IP network cameras to withstand extremes of temperature, humidity and sunlight.

Our DOH-1000 is an IP66-rated waterproof outdoor domed housing which is suitable for both outdoor and indoor surveillance camera installation. The superior aluminum lightweight

construction makes it stronger and easy to mount anywhere. Also our double-decked design insulates camera against heat. A built-in fan and heater guarantee that this mechanism will work in severe environmental.

With the wall mounting kit, camera mounting is simple and flexible in order to blend into the most critical building environments without compromising the IP Camera's functionality
